

Adventures in Learning Enrollment Form 2009-2010

We, the undersigned, understand and agree to the following:

-Adventures in Learning is a program that has been developed with the intent to provide students with an avenue through which they can find academic, behavioral, and social success. Some students will focus on organizational skills, social skill instruction, team building, group work, service learning or any combination there in.

-Adventures in Learning is a voluntary program. Teachers, administrators and parents may refer students for placement in the program. This is not a required placement for any student, nor does it take the place of any specialized services the child already receives through an Individual Education Program (IEP) or 504 Plan.

-Transportation for the program may include walking to sites, taking public transportation, vans and/or busses, or with Adventure's staff. Students will be provided with permission slips for each field trip. Parents must provide written consent in order for their child to attend.

-All students signed up for the program will undergo a three-week trial period. At the end of the three weeks, the student's status in the program will be reviewed. If any problems have emerged, a conference will be held including, but not limited to, the teachers in the program, an administrator, the student and the parent(s). The review will determine if the student will stay in the program or change placement.

-If you have read and understand the above statements, and have reviewed the Adventures In Learning handbook please sign and date below to enroll you and your child in the Adventures in Learning program. If you have any questions please do not hesitate to call **Nicole Williams at 857-7000 x6417.**
