Board Member Compensation and Expenses Policy B14

Board members will serve without compensation unless such compensation is approved by the voters of the respective member district.

However, board members shall receive reimbursement for the actual and necessary expenses incurred when performing school board duties. Such expenses shall include registration fees for attending board-approved workshops and conferences; mileage, meals, and lodging expenses, and all necessary tuition fees incurred in attending a board-approved college or university course.

Board members may receive, upon request to the superintendent, advance funds for estimated expenses to attend board-approved workshops, conferences, or conventions. Board members will account in full on appropriate forms, with receipts attached when necessary or required, for all resulting expenses.
