

## **Subscribing to Information on the CCSU Web-Site**

In an effort to streamline communications and make it easier for you to get the information you need, Chittenden Central Supervisory Union (CCSU) has improved its web-site ([www.ccsuvt.org](http://www.ccsuvt.org)). You will notice an updated look to our school sites, along with enhanced navigation, enabling you to access information faster.

You will also notice a minor change to how you access school newsletters and school board briefs. Instead of being emailed to you, the newsletters and briefs are now “RSS-enabled,” giving you the benefit of subscribing to up-to-the-minute updates from these newsletters and briefs. You will need to subscribe to the RSS-enabled sites in order to receive school newsletters and briefs. Subscribing to an “RSS-enabled” site is easy – simply click on the orange “RSS” button and follow your internet-browser’s prompts. The new CCSU Communications page is also now RSS-enabled, enabling you to keep up with the latest CCSU news.

Learn more about “RSS” by visiting: [http://www.commoncraft.com/rss\\_plain\\_english](http://www.commoncraft.com/rss_plain_english)

We invite you to explore our improved site and welcome your feedback. Please direct your comments and questions to the CCSU Communications Coordinator via email at [cremy@ccsuvt.org](mailto:cremy@ccsuvt.org).
