Navigating Around in Google Maps

Navigating in Google Maps

You can navigate (move your view) in two dimensions in any Google Map. To pan (move the map), do one of the following:
Click and drag the map

Press the up arrow on your keyboard to move north

Press the down arrow on your keyboard to move south

Press the right arrow on your keyboard to move east

Press the left arrow on your keyboard to move west

Additionally, you can zoom in or out pressing the + or - keys.

Move the cursor over a location and use the mouse scroll button to zoom in or out on that location. To center and zoom in on a location, double click the location.

1. Arrows - Click the appropriate arrow buttons to move the view north, south, east or west.

2. Street View - Click to view street-level imagery

3. Zoom - Click + to zoom in on the center of the map.
Click - to zoom out.

4. Zoom slider - Drag the zoom slider up or down to zoom in or out incrementally.
