

Artist Residency

We have started the tradition of bringing an artist or artists in residency to spend 1-2 weeks at school enriching our students exposure to the arts.

Notes: VT Arts Council grant applications are generally due in May for the following school year. Find a grant writer early!!

The Fleming Fine Arts Committee usually choose the artist. The committee has consisted of Mr. Ryan, Sally Madeira, Nancy Dowd, and a PTO member.

Select dates keeping in mind holidays, testing, and availability of space.

PTO pays deposit as required and usually pays for half of the total cost. The grant should cover the other half.

Mr. Ryan needs to be directly involved in almost all of the process (grant, timing, daily schedules...)

We traditionally end the residency with an all school evening performance and reception. It is essential to keep staff informed in advance.
