

Welcome Fourth Grade Parents and Students

Dear Parents/Guardians and Students,

Mrs. Adams and Mr. Guilmette are looking forward to welcoming our new class in September. We have been busy sharing ideas with other fourth grade teachers, and we are planning an exciting year.

As far as scheduling is concerned, a teaming approach will be used in our fourth grade class next year. A student's day will be split in half, with Mr. Guilmette teaching math, science, and social studies in the morning, and Mrs. Adams teaching reading, writing, and spelling in the afternoon. Both of us plan to meet regularly with each other to work on curriculum. We also have time in our schedules to meet with other grade four teachers to discuss curriculum and plan units.

Since there are sales in the summer, we thought you might like a **list of supplies** your child will need for the new school year.

- ✓ Trapper Keeper or binder that zips closed
- ✓ Pencils with extra erasers *and* colored pencils
- ✓ Three or Five Subject Notebook (with lined paper)
 For math, science and social studies notes!
- ✓ Six pocket folders
- ✓ Loose-leaf paper (three hole punched,) fifty sheets
- ✓ Calculator

Our Everyday math journals correspond with the Texas Instruments brand calculator. The TI-15 or TI-34 calculator would be great.

- ✓ Deck of cards for basic fact practice
- ✓ Glue stick
- ✓ Highlighters – package of different colors

We hope you enjoy your summer and we will look forward to meeting you in the fall. We are very excited and we feel it will be an incredible year!

Sincerely,

Kathy Adams
Jeff Guilmette
