Welcome to the art room at Hiawatha School.

It was a pleasure to meet so many parents at our back to school night. I hope you enjoyed your visit, and I extend to you an invitation to join the children in exploring the wonderful world of art by volunteering in the art room to help with special projects throughout the year.

In addition we will be doing projects during our interdisciplinary time on Wed. afternoons. Just email me at

Many of you know that the exciting news is that the kiln that I gave to the school is hooked up. Mr. Johnson has volunteered to make us a wedging board. This is a very costly piece of equipment and I am so appreciative for his gift to our school. We did some fundraising last year with note cards to purchase some clay equipment which should be arriving soon.

Recyclable Materials

The art room could use some newspaper, Styrofoam meat trays, yogurt containers with or without lids, wire hangers, wooden Clementine boxes, and moldable wire of any gauge. You can send these item into the art room with your children or just drop them off in the art room and leave them on the counter.

carvers of Vermont. Activities for children to carve soap will also be available. It is a great place to enjoy the beauty of fall in Vermont so pack a lunch and head off for some incredible inspiration. You can get more details at www.birdsofvermont.org.
