## Mrs. Hall's Classroom Newsletter

### Room 10 News

#### What's happening?

Welcome to Room 10. I'm very excited to meet everyone. Boys and girls have been given their own desks with their name tags on them. I am providing a pencil box with school supplies for all in hopes that it will save on supplies and ensure we are ready to go. Please stop in on Tuesday, August 31<sup>st</sup> anytime between 1:00-3:00pm and visit our classroom.

#### Literacy

We begin each month with an Author study. Our Author for September is Leo Lionni. He has written and illustrated many children's books. His techniques in painting, sculpture, paper cutting and collage will be included in our own writing and art work. His stories have some meaningful messages that I know boys and girls will enjoy.

#### Math

Our math program Everyday Math consists of two journals we will work on during this school year. Parent letters will go home at the beginning of each unit that will include math vocabulary,

directions for activities, as well as things to practice at home. Home Links will be part of our homework assignments.

#### Nuts and Bolts

\*A packet of important information will go home in folders on Wednesday, September 1<sup>st</sup>. Please fill out and return as soon as you can. These red folders will go home each Friday with your child's work for the week. It's a great opportunity to look at all your child has done.

\*Mrs. Hughes will post the Summit-It Up newsletter every other Friday with important happenings in our school. I will alternate my Friday letters on the opposite weeks. These are always posted on-line and a paper copy will not be sent home unless you request it.

\*Homework in Room 10 will begin in October. I will send home more information to follow.

\*School Assemblies are held every other Thursday at 8:15am. They are posted in the Summit-It Up and families are welcome to attend.
