

September 21, 2011

Dear Summit Families:

One of the great things about Summit Street School is the opportunity for parent involvement. What's even better is that we welcome and encourage your participation! It takes lots of hands to accomplish the great events that are planned for this year and there are so many different ways **YOU** can help out! Below is a list of the Volunteer Opportunities. Please check any of the items that you may be interested in and/or available to help participate in and return to school with your child or to the PTO mailbox in the office. *Thank you!!* We really appreciate your generous time, energy and commitment to Summit Street School! – *The Summit PTO*
