What's happening?

I hope everyone had a great vacation! We are getting back into our routine. Boys and girls are happy to be back and see their friends.

Literacy

Our new author of the Month is Thornton Burgess. We have begun to read his chapter books which are based on animals and their adventures. Our first book is The Adventures of Chatterer the Red Squirrel. As we read each chapter we'll talk about the animal characters, problems in the story and how they were solved. His characters run throughout his books and hopefully children will connect the characters as we read more stories. Continue to read at home and talk about characters, setting, and problems that arise. Ask "What do you think will happen next?"

Math

We continue to work telling time throughout the day. A difficult concept is quarter past and quarter to. Please continue to practice at home. We are using fact family triangles to add and

subtract. As these come home for homework continue to practice these facts and you can also make up more. Family letters will continue to come home at the beginning of each unit. They will have a list of games to play at home and also a glossary of math words we use in our units.

Other

We have been collecting student materials to share with you at our first Student Led Celebrations that will take place on May 20th. Formerly known as Parent Conferences, your child will lead their conference with you and discuss their accomplishments and goals for first grade. More information will be coming home as we prepare. There will be a Parent Information Night held at Fleming School.
